SON OF MINISTER HERE

AT CHURCH CONFERENCE

Rev. J. W. Heininger, Pastor of Calvary Evangelical, Receives Report on World Conclave in England.

A copy of the message from the World Conference on Church Community and State at Oxford, England, has been received by Rev. J. W. Heininger of Calvary Evangelical church, from his son, Dr. H. R. Heininger who was present at the conference July 12-28.

The message, addressed in "The Christian Church," was compiled at the close of the deliberations of churchmen from all corners of the universe.

"We meet at a time when mankind is oppressed with perplexity and fear," the message begins in opening, and continues as follows:

"When we are burdened with evil, and when we are confronted with problems apparently insoluble, even in countries which are of peace and employment and materialism, we are strength of body, mind and spirit. In other countries war does the 'devil's work,' and threatens to overwhelm us all in its limitless catastrophe."

"Yet we do not take up our arms as bewildered citizens of our social nations, feeling that anywhere there is a clue to our problems; we take it up as Christians, to whom is committed the work of reconciliation; that God was in Christ reconciling the world unto Himself."

"The first duty of the Church and its greatest service to the world is that it be in very deed the Church—confessing the true faith, committed to the fulfillment of the will of Christ, in unity and united in Him in a fellowship of love and service."

"We do not call the world to be like ourselves, for we are already too like the world. Only as we ourselves repent, both as individuals and as corporate bodies, can the Church call men to repentance. The call to repentance and to the world is in Christ."

Progress of Church

"Despite our unfaithfulness God has done great things through His Church. One of the greatest is this—that, notwithstanding the tragedy of our divisions and our inability in many important matters to speak with a united voice, there exists an actual world-fellowship. Our unity in Christ is only a theme for aspiration; it is an experienced fact. We can speak of it with boldness because our Conference is an illustration of it. We are drawn from many nations and from many different communities, from churches with centuries of history behind them and from the younger Churches whose story covers but a few decades; but we are one in Christ."

"The stand of the conference on questions of war, the duties of the church and state and its place in economics is expressed thus in the message:

"To condemn war is not enough. Many situations demand the sort of conflict under the guise of out-
